We can help you in your NDIS Journey . . .

Khorban Care Solutions (KCS) is a Registered NDIS Provider and we are focusing on growing and innovating our services to facilitate the opportunities that NDIS has made available to people with disabilities and their family.

It is our privilege to make a difference in the lives of the many people at our service, and we look forward to serving even more to help fulfill the dreams and goals of people with disability.

We currently provide services across Melbourne, to our participants with self-managed, plan managed and NDIA managed funding. It can be challenging to get your head around the NDIS and to understand what it all means, but a quick chat with our friendly team can help you understand how you can utilise our services under the NDIS.

We are here for you, so call or email us for an appointment to meet in-person. Our friendly team will be happy to help you.

Christina Paul

Founder

MAKE A
Difference

What makes us Different . . .

We strive to provide the highest standard of professional and ethical service to our participants. This is evident in the initial screening to selecting and placing the right workers to identify the kind of care our participants need.

As a family-owned and operated NDIS service provider, we are involved in the day to day specifics of our participant's care. Every participant is unique in their own ways, so everyone gets individualised attention and we tailor our support to suit their unique needs and goals. Our hands-on approach sets us apart from most other service providers as we make time to know the participants, their goals and their needs.

We go the extra mile for you . . .

- Close matching of support worker and the participant to ensure compatibility.
- Ensuring the participant gets the same support worker for their ongoing support.
- Participant's family can liaise directly with KCS Management.

Our NDIS Support Services . . .

Capacity Building : We offer training to increase independence and capacity of our participants. This will help build their skills and confidence to take part in communal activities. These programs are designed to promote and facilitate a better quality of life.

Core Support : Our range of daily living and social community participation supports can be accessed using NDIS core funding. We also specialise in providing daily living supports to people with complex needs.

Capacity Building

- Improved learning
- Finding & keeping a job
- Improved daily living skills
- Individual skill development
- Improved living arrangements
- Increased social & community participation
- Assistance in coordinating or managing life stages, transitions and supports

Core Support

- Assistance with daily living
 - Assistance with high intensity care
 - Assistance with household activities
 - Assistance with daily personal activities
 - Assistance to access social, community and recreational activities
- 

Why us . . .

Empathy, we understand the struggles and challenges our participants go through and therefore our primary commitment is to meet their needs in a compassionate and professional manner.

Some of the characteristics that set us apart from the other providers are:

- We take a person-centred and individualised approach to care, and we always put our participant's needs first. The primary focus is to tailor our services around the participant's needs and goals.
- Offer extensive variety of services that are unmatched among other service providers.
- It is easy to deal with us; our processes are straightforward with no unnecessary delays.

Quality Staff, our support workers are highly trained, qualified and experienced. Our recruitment process includes thorough interviews, national and international police checks as well as first aid, CPR and working with children checks where relevant. Our support workers are provided ongoing professional development training and supervision to ensure they are equipped with the knowledge and training to deliver the best quality service to you.

24/7 Support, our support workers have access to guidance 24/7, 365 days during their shift as a back-up in case of any emergency.
